PROFESSIONAL SUMMARY

Motivated IT undergraduate specializing in Computer Systems and Network Engineering with strong skills in networking, system administration, and programming. Experienced in DHCP, SNMP, Zabbix, and Linux environments. Passionate about building a career in IT infrastructure and networking. Seeking an internship opportunity in networking or system administration.

EDUCATIONAL QUALIFICATIONS

BSc (Hons) in Information Technology, Specializing in Computer Systems & Network Engineering
Sri Lanka Institute of Information Technology (SLIIT) | 2024 – Present
Expected Graduation: 2028

G.C.E. Advanced Level – 2023, Kalutara Vidyalaya National School, Kalutara

G.C.E. Ordinary Level – 2020, Kalutara Vidyalaya National School, Kalutara

TECHNICAL EXPERIENCE

- Configured DHCP and SNMP services for dynamic IP allocation and network monitoring in virtual environments.
- Installed and configured Zabbix Server for network monitoring and performance tracking.
- Set up Samba Active Directory Domain Controller for centralized authentication and user management.
- Configured Zimbra Mail Server for enterprise email communication.
- Performed Linux system administration tasks, including configuration and troubleshooting.

PROJECTS

Enterprise Wired & Wireless Network Design with VLAN Segmentation

- Designed and implemented a network using VLAN segmentation and inter-VLAN routing in Cisco Packet Tracer.

Web-Based Pharmacy Management System

- Designed and developed a system to manage inventory, orders, and customer interactions efficiently.

Student Performance Prediction (Machine Learning)

- Built a machine learning model to predict student performance using real-world data.

Water Tank Monitoring System (Arduino)

- Developed an IoT-based system to monitor water levels and automate water control.

LEADERSHIP & EXTRA-CURRICULAR ACTIVITIES

- **Committee Member** of the Computer Systems and Network Engineering Student Committee at Sri Lanka Institute of Information Technology (SLIIT).
- Served as a **Pro Prefect** in the Prefect Board at Kalutara Vidyalaya, demonstrating leadership, discipline, and responsibility.
- **Led multiple academic group projects** at SLIIT by coordinating team members and ensuring timely completion of tasks.
- Active member of the **School Western Band**, participating in musical performances and events.
- Member of the **School Media Unit**, contributing to event coverage and media-related activities.

PROFESSIONAL EXPERIENCE

Industry Field Visit – Virtusa Sri Lanka

- Participated in an industry field visit to Virtusa Sri Lanka, gaining exposure to enterprise IT systems and corporate environments.
- Observed real-world IT operations and industry practices.
- Learned about current industry trends, career pathways, and professional expectations.

CERTIFICATIONS

- **Cisco Certified Network Associate (CCNA)** – Cisco
- **Network Systems Foundations** - University of Colorado Boulder
- **Foundations of Cybersecurity** – Google
- **AI Agents and Agentic AI Architecture in Python** - Vanderbilt University
- **Generative AI Deep Research: Strategic AI Edge for Leaders** - Vanderbilt University

TECHNICAL SKILLS

- **Programming:** Java/Spring Boot, Python, C
- **Networking:** DHCP, SNMP, Routing & Switching, Network Configuration
- **Systems:** Linux Administration, Samba Active Directory, Zabbix Monitoring, Zimbra Mail Server
- **Database:** SQL
- **Tools:** Cisco Packet Tracer, GitHub, IntelliJ IDEA, CentOS VM, Ubuntu

SOFT SKILLS

Problem-Solving, Teamwork, Communication, Time Management, Adaptability, Leadership
